

The Must-Have Game for Every Arcade.

You have 30 seconds and 20 balls to bounce across the playfield in an attempt to clear each tile before the clock runs out. Clear all the tiles to enter the bonus round for double points and a chance for an even bigger ticket payout! Let's Bounce is the midway redemption game with all the hallmarks of an arcade classic. Social, competitive, and easy to play yet challenging to master.

“Let’s Bounce is a great all-ages game - it’s very addictive because people think they can keep doing better each round, so it has a ton of repeat play. It’s in the mix for all our new Bowlero game rooms.”

Steve Veach, Director of Amusements, Bowlero Corp.
